Languages

English - Pre-Intermediate

Ukraine - Native

Russian - Native

Summary

I am a beginner in front-end development, currently undergoing training at Golt's Front- End Developer Bootcamp. I have experience working with JavaScript, React, HTML, CSS/SCSS, Git/GitHub, and utilizing libraries for coding and working with APIs. I am responsible and creative, with a strong willingness to learn and explore new technologies in programming.

Project experience

Budget Boss | Link [REACT, JS, STYLED-COMPONENTS, REST API]
- All visual aspects: CSS, styled components, animations.
- Modal Windows implementation.
- Writing code for the header, home page, and report page.

Bookshelf | Link [HTML, JS, SCSS, REST API, GOOGLE FIREBASE]
- Writing code for the main page of the website.
- Working with the API.
- User authentication with Google Firebase.

Sweet Chocolate | Link [HTML, CSS, JS]
- All visual aspects: CSS, animations.
- Writing code for the main page, "IT ALL ADDS UP TO ONE EXCEPTIONAL TASTE SENSATION" section and modal windows.
- Organizing teamwork and assigning tasks.

Work experience

'Unicum Alliance'
2020-2023
Financial Consultant:
- Strengthened client relationships through proactive communication, leading to increased satisfaction and client retention.
- Implemented a comprehensive system for tracking and analyzing client data, improving decision-making processes, and providing customized service.
- Orchestrated successful client meetings, demonstrating excellent interpersonal skills and effectively addressing client needs.
- Developed innovative trading strategies that generated significant returns and contributed to business growth.
- Led teams of 10 and 40 members as Team Lead and Desk Manager respectively, achieving high productivity and goal attainment.
- Designed comprehensive onboarding webinars for new employees, facilitating smooth transitions and integration.

'CraftFood, Mondeleze'
2019-2020
Trade Representative:
- Increased product visibility and brand awareness through effective presentations and displays.
- Negotiated favorable shelf placements, resulting in improved sales and product visibility.
- Implemented efficient inventory management strategies, reducing stockouts and improving product availability.
- Consistently achieved sales targets through persuasive techniques and effective communication of product benefits.
